Eva,

Attached is a letter from DEQ to Rhone-Poulenc regarding EMPC result reporting. I don't think there is any need for EPA to review. Let me know if you have any questions.

Good afternoon Stuart and Joan –

As discussed this morning, please see attached our letter to StarLink requesting EMPC data from specific groundwater monitoring at the Rhone-Poulenc site. As suggested, it may be more efficient to have Kent Angelos contact Dave Lacey directly regarding specific questions you may have.

Thanks for your efforts to provide the information needed to develop remedial options for this complex project.
